授業概要	The main theme of this course will be a practical approach to learning English conversation and its principal goal will be for the students to master the ability to converse effectively in real life situations. The students will be given the opportunity to speak out and use what they have learned in a wide variety of stimulating and authentic activities.						
到達目標				評価方法			
The students in this course will be offered the opportunity to study in paired, small group and role-play activities. They will learn natural and beneficial language patterns and practice them in the most realistic of settings. They will therefore have the ability to develop their skills in pronunciation and the knowledge of idioms and alternative expressions.				Students will be evaluated according to term exams (mid-term:30%, end-term:30%), assignments (20%), and self-study (20%).
