The students will be expected to bring their textbook to every class. They can use dictionaries but the nature of the class will not give them much time to always stop and look up words. The class will generally be conducted entirely in English. Students will be asked to write answers on the whiteboard for the benefit of their classmates from time to time. Students will also be expected to do oral assignments when asked, usually with a partner. These assignments will occur at different times during the year and count towards their final grade.
